Safety Instructions

To reduce the risk of electric shock, fire and injury follow these instructions carefully:

1. This device is recommended for use by adults only.
2. Do not use the massager directly on the surface of your skin. To avoid injury, the massaged area should be covered by clean clothes or a dry towel.
3. Gently press and move the massager; do not massage the same part of the body for more than 60 seconds.
4. Use high speed on soft body tissue only. Do not use high speed and pressure on the head, bones, and joints.
5. Always choose the right massage head for the respective body part.
6. Frequent use of high pressure may cause abrasions. If you experience pain or discomfort stop using the massager immediately.
7. The massager should not be submerged in water.
8. Do not open, take apart or modify the massager.
9. Do not charge or leave the device ON unattended

Disclaimer
