Outdoor Table Tennis Table

www.hitfitness.com

Please read the assembly instructions carefully before assembling and using the Table Tennis Table.

IMPORTANT INFORMATION

- At least **two adults** are needed to assemble the table tennis table which should be carried out on a clean, soft floor where possible.
- Please check all parts according to the Parts List, and make sure that all parts are present and correct.
- Please follow the ABC references for the order of the assembly.
- If there's a **text mark**, please read the explanation at the end.
- If there's a **part mark**, please read the information relating to it in the parts list.
- Please use the tools as indicated for each of the assembly stages.

Outdoor Table Tennis Table

A   2X

C  1X  2X

D 

Opening the Table

Lift the handle to release it, then hold the handle in position while the table-top is lowered.

Lower the table top to the in-game position. Do not allow it to fall, as this might damage your table or cause an injury.

Be certain that the table is locked in place by lifting the table-top from each end of the net, and click it into place.

Closing the Table

Pull back the handle under the table-top to release. Hold the handle in position while the table top is being lifted.

Lift the table top into its storage position.

For your own safety, check that the table-top is properly locked.
